### TERRER 8 PERCET.

The Tola Account of the Samean the estate in East St. Louis left by her Disaster Received.

Acmira. Kimperly Series a Lengtly, Derailei Report.

Action of Officers and Grews Eighty Jemmaniai.

The Request for at Ingliny Referred to the Detaitment.

#### Kimberly's Report.

WASHINGTON, April 20.-This morning's mai for the navy department contained a detailed and lengtry report, from Admiral Aimper y, relating to the spring etting of the contracts for furare Samoan cisas.er. It gives the Letai sof the disaster substantially as already related by the associated bless correspondent in his 'u. report 'rom Apia, though much ess u y.

The following points of inferest are taken from the admira's report. Kimberry says har the indications of had weather appeared curing the torenoon of Friday, Marca 15th, and at 1 o'c ock they commenced preparations to meet the gale by sending down the lower yards, noisting the topmasts and light-by innings ng the tres and raising steam | the refers to the 'act that most of the water came into the hag ship through the hawser pipes as related in the associated press report, and the admiral says that a . efforts to prevent this failed, owing to the force of the waves criving out everything used to stop them.

citement Captain Parquiar slowed great sixt 1 inning on account of rain. care and good judgment in handing the said tarough this terrific gale and never efitae bridge Le was ably seconded by his executive and navigating o icers c assides as among the incidents and accidents inseparable from the prosecution of cuties. Its magnitude however gives ir a distinguishing feature water fortun ate v the service is rare y combe ed to withess.

therefore refers the matter to the repart

Accompanying Admira Kimper y's report which was received at the navy cepartment this morning are two letters The first of these is cated at Adia, Mater-.9, and reads

the stormy sky, acrowded boat swaying

at i's moorings Such was the scene and a cisma one it was. The lost might vie in horror with Charon's, he carried shadows over the care river Styx, this, the convict boat, carries living misery and enime, near preas and deso atton. Not untistood among he sad aced passengers, most of them bound to visit some unfor tunate relative or friend, not until I saw tae "Back Marias" unve up and et loose their cargos of disheve ed. Dareneaced unsexed women cid, realize taat, was actually bound for Back we..'s is and Ine prisoners were usaerec into the bens in the lower portion of the boat the coors were ocked upon them, the plants were crawn in by the shivering wrete les wao in their convic. garo work upon the post,' and we were of. The first stoppage was made at the Charity hospita bevera patients in the ast agontes of consum) tion were carried of on oa ets. and could see their podies shiveling under the bankets Youcer comed the hos pi a., a most at the water's edge, and tarough some of the windows the white cap led nurses could be seen hass ang to and fro.

Five minutes later we ancec within a short distance of the unatic asy um Approaching it I bassed close to the retreat where the manuacs are confued No visitors are admitted, but indeed a rea izec the tragecy of it sufficiently as a paused for an instant to distent to the despairing ye's and moans issuing Through its wincows

Wice stone steps eac up to the insane asy um .t is a pretty place, with vines stacing an arched entrance and set in the center of a well test garden in the entrance la la number of peope were gathered awaiting permission to visit \*riencs A young coctor was deputed to conduct me through the building I went up one ong corridor and down another everywhere long windows, everywhere the asy um garb.

A few were sewing curety, but for the most part they sat as i' istening, wait ng for something or somebody. One o c woman in particular presented a sad picture. She sat with her arms ocace, swaying to and fro and singing a lymn in a p aintive, far away repe, steening between the lines to shake her head and siga. Another hoor creature, with wine open plue eyes, sat staring into space, occasiona, y pointing at something visi be to her some. Dasset hurriet y tarough the epileptic pavision, they presented a heart sidening interior Che twisted, mouthing cleatures in a state of nonecess in locy, inte ectua deal i, wou d have cone we to i ustrate a hage o' Dante's "Inferno"

The tables were set for cinner, and "he who can might read' the menu it was so very slort.-a niece of coc musi and a since of puttered pread or each "No very tempting," I said, 'particuar you a cay ise this, when one lee's the need of something warm." "They have meat and coffee once a cay," an swered the Coctor, "and the mead is gooc..''

"What nationality furnishes the argest comes to everyone number of insane?"

"The rish Their violent passions unseat their reason. They are of a sanzuine temperament generally, and when to them come the Germans"

On the way to the workhouse I bassed "locges" of unatics, as they are called. each carrying a bund e of sor ed inen to the aunory They a wore straw snade nats and rec snaw s of a gaudy nattern. They popped and smiled to me in the most 'rienc y manner, one or woman out ner land to touch the trimm ng on my jacke-, with an exclamation of childish pleasure. Lust be since nem came the we known "Coanny the Eorse," narnessed to a i the wagon and caew ng on a bi. of straw.
